Recycling Update 2019

Using Magic to Clean Up Commercial Organics

South San Francisco Scavenger Company / Blue Line Transfer, Inc.

What we want... Why?

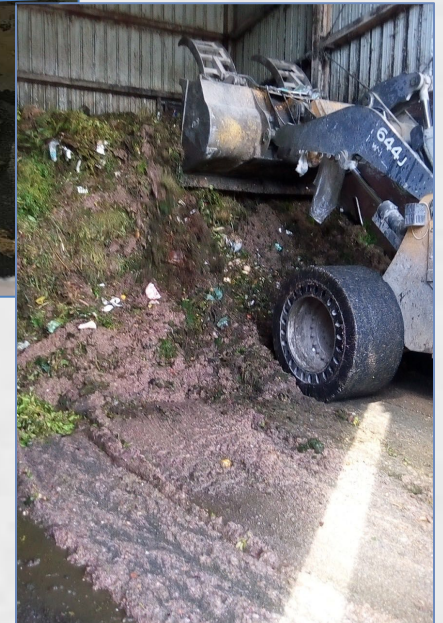

What we get...

How we transform it...

Salsa

Scott Turbo Separator

In 2018:

Salsa created and digested = 4,637 tons

Total material processed at our AD facility = 10,482 tons

**Studies conducted on the salsa show
<1% non-organic material**
